and private fish farms to purchase fish for the purpose of raising walleye for stocking in Wisconsin waters. For the purposes of implementing this subsection, specify that DNR may furnish or sell at cost fish or fish eggs to municipalities and private fish farms and the Department may enter into agreements or contracts for periods of up to five years. Also, specify that in addition to the amount appropriated for the contracts for purchase of walleye, DNR may also expend all monies received from the sale of fish or fish eggs to municipalities and private fish farms for the contracts. Further, specify that DNR may promulgate emergency rules for implementing this section without the finding of an emergency and specify that these rules remain in place until June 30, 2016 or until permanent rules are established, whichever is sooner.

5. *UW-Extension Private Fish Farms.* Provide \$160,000 GPR in fiscal year 2013-14 in one-time funding and direct DNR to provide a grant to UW-Extension for work with private fish farms through the end of fiscal year 2013-14. [UW Extension aquaculture (fish farm) outreach specialists work with public, private, and tribal groups to develop programs and provide services that support industry growth and profitability including: business plan development and individual consultations, aquaculture field days, workshops and vendor fairs, facility planning to support best management practices, biosecurity workshops, beginning aquaculture workshops, and veterinarian health training workshops].

6. *Private Fish Farm Stocking Capacity Study.* Direct DNR, in consultation with the Department of Administration (DOA), the Department of Agriculture, Trade, and Consumer Protection (DATCP), the Wisconsin Economic Development Corporation (WEDC), the Wisconsin Aquaculture Association, and the University of Wisconsin Extension System, to conduct a study of the current and future capacity of private fish farms to stock fish in Wisconsin waters for the purpose of maintaining and enhancing fish populations. Require DNR to submit a report of the study results to the appropriate standing committees of the Legislature by June 30, 2014.

7. *Fish Farm Regulations Study.* Direct DNR, in cooperation with DATCP, to conduct a study of the regulations applicable to private fish farms in Wisconsin to assess the need for existing regulations, reducing regulatory overlap and streamlining regulatory processes in DNR and DATCP. Authorize DNR and DATCP to promulgate administrative rule changes necessary to implement the recommendations of the study as emergency rules without the finding of an emergency. Specify that these emergency rules may remain in place until June 30, 2016, or until permanent rules are established, whichever is sooner. Further direct DNR, in cooperation with DATCP, to evaluate the viability of establishing a fish hatchery stamp. Require DNR to submit a report of the fish farm regulation and hatchery stamp study results to the appropriate standing committees of the Legislature and the Joint Committee for Review of Administrative Rules by November 15, 2013.

8. *Tribal Youth Program.* Provide \$250,000 GPR annually in a new annual appropriation to expand the existing summer Tribal Youth Program. Allow DNR to provide up to 50% of eligible project costs to provide tribal high school-aged youth with an opportunity to work on natural resources-related projects.

Please remember that DNR and DATCP's authority to promulgate rules to implement the study's recommendations is limited by the fact that any rule that is promulgated, either as an emergency rule or a permanent rule, may not conflict with the current statutes. To the extent that a rule conflicts with a statute, the statute controls and the conflicting rule has no effect.

There are two definitions of "fish farm" that could be incorporated by reference. I have incorporated the broader definition, but you may wish to use the narrower definition found in s. 29.001 (26) or create a new definition.

[move]

1 (2) of the statutes, emergency rules promulgated under this subsection remain in  
2 effect until June 30, 2016, or the date on which permanent rules take effect,  
3 whichever is sooner. Notwithstanding section 227.24 (1) (a) and (3) of the statutes,  
4 neither department is required to provide evidence that promulgating a rule under  
5 this subsection as an emergency rule is necessary for the preservation of the public  
6 peace, health, safety, or welfare, and neither department is required to provide a  
7 finding of emergency for a rule promulgated under this subsection.”

3 “(4q) FISH FARM STUDIES AND RULES.

4 (a) *STUDIES.* ← keep italics  
← no CS

5 1. The department of natural resources and the department of agriculture,  
6 trade and consumer protection shall conduct a study of the statutes and  
7 administrative rules that are in effect on the effective date of this subdivision and  
8 that are applicable to fish farms, as defined in section 95.001 (1) (aj) of the statutes,  
9 for the purpose of assessing the need for these statutes and rules. In making this  
10 assessment, both departments shall study the issue of overlap among these statutes

1 and rules and the possibility of streamlining the procedures used by both  
2 departments in administering these statutes and rules.

3 2. The department of natural resources and the department of agriculture,  
4 trade and consumer protection shall also conduct a study on the viability of creating  
5 a fish hatchery stamp that could be issued to holders of licenses under chapter 29 of  
6 the statutes that authorize fishing for sport.

7 (b) *Recommendations and report.* The department of natural resources and the  
8 department of agriculture, trade and consumer protection shall jointly make  
9 recommendations based on the studies conducted under paragraph (a) 1. and 2. and  
10 the department of natural resources shall prepare a report containing the results of  
11 the studies and these recommendations. The department of natural resources shall  
12 submit the report to the appropriate standing committees of the legislature and to  
13 the joint committee for review of administrative rules in the manner provided under  
14 section 13.172 (3) of the statutes no later than November 15, 2013.

15 (c) *Emergency rules.* The department of natural resources and the department  
16 of agriculture, trade and consumer protection may use the procedure under section  
17 227.24 of the statutes to promulgate rules to implement any of the recommendations  
18 for changes to administrative rules that are based on the study conducted under  
19 paragraph (a) 1. Notwithstanding section 227.24 (1) (c) and (2) of the statutes,  
20 emergency rules promulgated under this paragraph remain in effect until June 30,  
21 2016, or the date on which permanent rules take effect, whichever is sooner.  
22 Notwithstanding section 227.24 (1) (a) and (3) of the statutes, neither department  
23 is required to provide evidence that promulgating a rule under this paragraph as an  
24 emergency rule is necessary for the preservation of the public peace, health, safety,

1 or welfare, and neither department is required to provide a finding of emergency for  
2 a rule promulgated under this paragraph.”.
